

## The Latest in Pest Control

*Presented by Tom Hurshman, Rentokil*

Join our BOMA O&E group on October 24th for a comprehensive look at Pest Control. Tom Hurshman of Rentokil will cover all our least favourite critters in this important presentation, including rodents, bed bugs and birds. He will discuss their prevalence in Nova Scotia, and discuss various strategies for dealing with infestations and managing pest control issues on an ongoing basis.

There will also be a question period at the end of the session... what did you always want to know about pests and never dared ask?
