

The Latest from Nova Scotia Power

Presented by Steve McDougall

Steve McDougall and his colleagues from Nova Scotia Power will visit our March 20 O&E luncheon, to talk about the latest in emerging solutions and technologies that are relevant for commercial building management. It is often hard to keep up on all the programs and initiatives on offer as new technology comes onto the market and into our buildings. This is your chance to ask your questions about what Nova Scotia Power has to offer, and how best to manage power issues in buildings.

This is also a great opportunity to catch up with your BOMA O&E colleagues... see you on March 20th at Casino Nova Scotia!

- Date:** March 20, 2018
